Dear colleagues,

It is a pleasure to warmly welcome you to the 50th annual SSPD meeting in Aarhus, Denmark.

It has been 10 years since the last SSPD meeting was held in Aarhus. Digital dentistry has since revolutionized the diagnosis, planning, and treatment in dentistry. The 50 years anniversary of SSPD meeting in 2022 coincides with 50 years of digital dentistry history. During this scientific meeting, the invited world-class speakers will present the latest updates on both tooth- and implant-supported prosthodontic rehabilitation using conventional and digital technology.

We look forward to welcoming you again to beautiful Aarhus city (www.visitaarhus.com) and hope that you will enjoy both the scientific and the social program and interactions with Scandinavian and international prosthodontists.

Last but not least, we would like to thank our sponsors for making this meeting possible.

Best regards

Golnoush Bahrami and Bahram Ranjkesh
